ART & TECHNOLOGY FOR HUMANITY

KidCast For Peace gives kids (of all ages) a loud voice to help shape their future world -- and to connect in a series of global video conferences on EARTH DAY and beyond. On Feb. 4th, Maui children shared their creative solutions for bringing more peace... in a KidCast for Peace TV show being produced for Maui cable and Internet streaming. "KidCast For Peace" is a project of Visionary Artists Resources Including Other Unique Services (V.A.R.I.O.U.S. 501c3). Visit KidCast Central on the Web: <http://creativity.net/kidcast2.html>.

Sponsors are needed to underwrite production and promotion costs. The TV program will air locally for two years and be streamed on the Internet forever. On Earth Day, children in Maui schools will have the opportunity to share their art and ideas; connecting with peers globally. Demonstrate your support for PEACE! Please review the opportunities below, then pledge your support and YOUR demonstration FOR PEACE! We will produce a 10 second video ad for you. Each sponsor receives multiple exposures to the local community and the Web, and...you can enjoy a display ad in our KIDCAST PARTICIPATION HANDBOOK we plan to distribute to all Maui schools. Help us support Maui children to shine through their artful SOLUTIONS FOR PEACE!
