

the V.A.R.I.O.U.S. Media Ink

Our purpose is to bring into existence a place for artists and the public to gather, and to explore the creative process in these dynamic days of change. We are using the latest technological tools and various media for improving communication, education, personal growth, self-expression, personal and planetary healing and financial freedom for community members, creative people and those who don't think they are.

Feeding the creative spirit in everyone. The Maui Artists' Showcase continues the work of Visionary Artists Resources Including Other Unique Services (V.A.R.I.O.U.S.), founded in 1980 - by Artists Using Technology for Humanity. You can precipitate in the collaboration with other creative folks. Join with us to cooperate in the production of inspiring, empowering and liberating multimedia experiences.

A Participatory Theater Experience, Come share your work interactively with audiences, make new friends and business connections, and reach out to touch someone at the HIGHEST BANDWIDTH. This "Premiere Networking Event For Creative People" empowers creative people and their audience with this opportunity for sharing your heart and art.

Creativity Café® For A Day @
Hale Imua Internet Cafe - Wailuku, Maui HI

We are glad you have chosen to join us tonight!

The V.A.R.I.O.U.S. Media Ink Artists Showcase and Networking events began in 1980 as a high tech/no tech interactive art salon and "Living Gallery" in Los Angeles. You are invited to join in tonight's adventure of Life with our featured artists - and those who love art. Feel free to speak out in this informal atmosphere where "Strangers, are just friends who haven't yet met."

You are encouraged to participate by sharing impressions, feelings, questions and information during the large-screen interactive presentations and performances. Afterwards, please mingle and get to know one another better. Creative people have brought portfolios. Ask to see them! Dancing to live music follows.

V.A.R.I.O.U.S. Members have produced over 100 community service events, productions and trade show installations to bring people together using Art as a catalyst for group interaction and healing in New York City, Los Angeles, Amsterdam, San Francisco and now in Hawaii! We will be videotaping tonight's program for presentation on Maui Community Television and possible webcasting on the Internet.
